New Project Kitchen Equipment L.L.C takes each project from the stage of conception, designing the layout and configuration of the prospective facility. We take the customer all the way from selection, delivery, installation and commissioning of equipment to providing post-warranty servicing and repair. We use the finest and latest equipment and materials from most reputable European manufacturers and suppliers. 20-year experience of Group of Companies in the field allowed us to become a reputable and reliable supplier in Qatar from 2007. We are proud to have the following advantages:

- Highly professional and competent management with rich experience in this area of activity.
- Locally based design team and engineering support services.
- Professional service center that carries out repair and maintenance for our equipment.
- Established reputation with the local market.
- Full range of equipment from most reputable European manufacturers.
- Dedicated commitment to the end product we provide and full support of our clients.

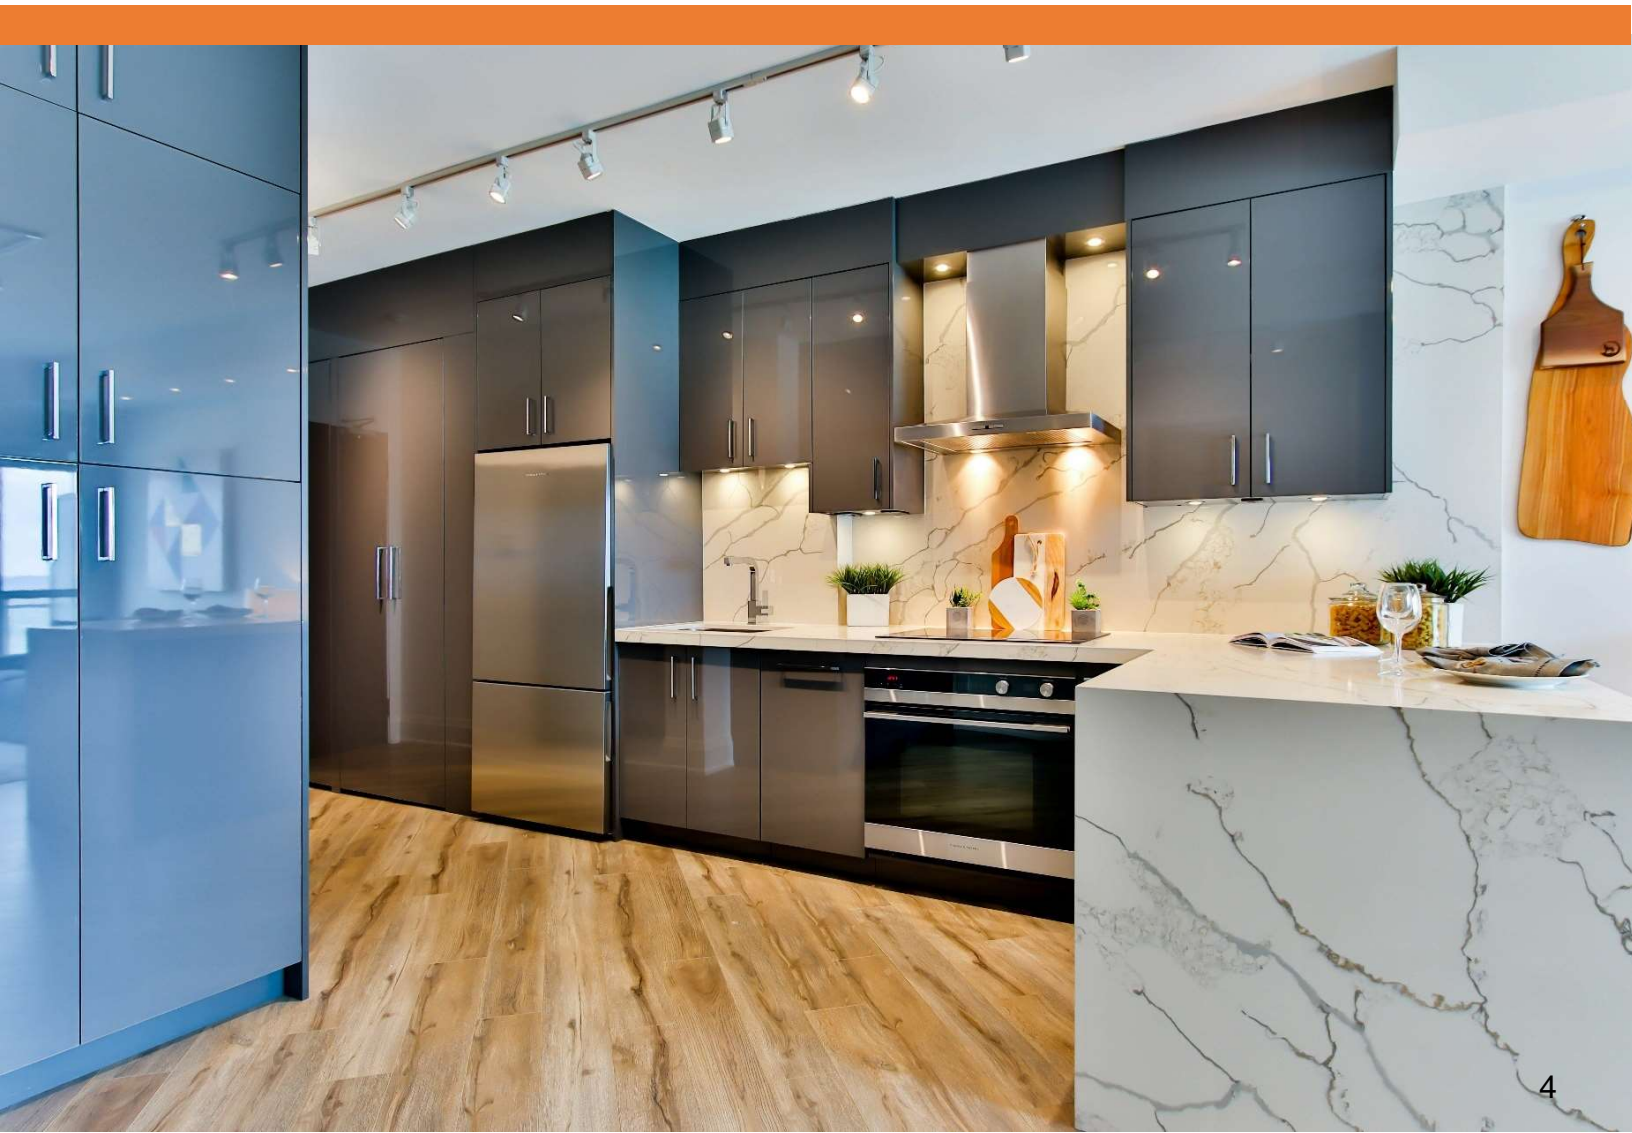

New Project Kitchen Equipment L.L.C 's range of services:

- Assistance in choosing the optimal kitchen equipment that aligns with your specific needs and budget constraints, ensuring a well-equipped kitchen tailored to your preferences.
- Providing a professional kitchen layout designed to optimize the flow of operations, to meet the specific requirements of your commercial kitchen.
- Designing the electro-mechanical service requirements of kitchen equipment.
- Re-designing the kitchen and bar as required by the client.
- Efficiently supply and install new kitchen equipment, ensuring a seamless integration into your culinary space.
- Expertise in cold room supply and installation, providing a reliable solution for temperature-controlled storage needs.
- We offer a comprehensive range of spare parts and provide specialized aftersales service through a skilled and trained team of engineers and technicians.
- Effective warranty complaints management ensures swift resolution of customer concerns related to faulty products, fostering trust and satisfaction among consumers.
- Offering Annual Maintenance Contract (AMC) support beyond the specified warranty period, ensuring continued assistance and maintenance for sustained performance of the equipment.

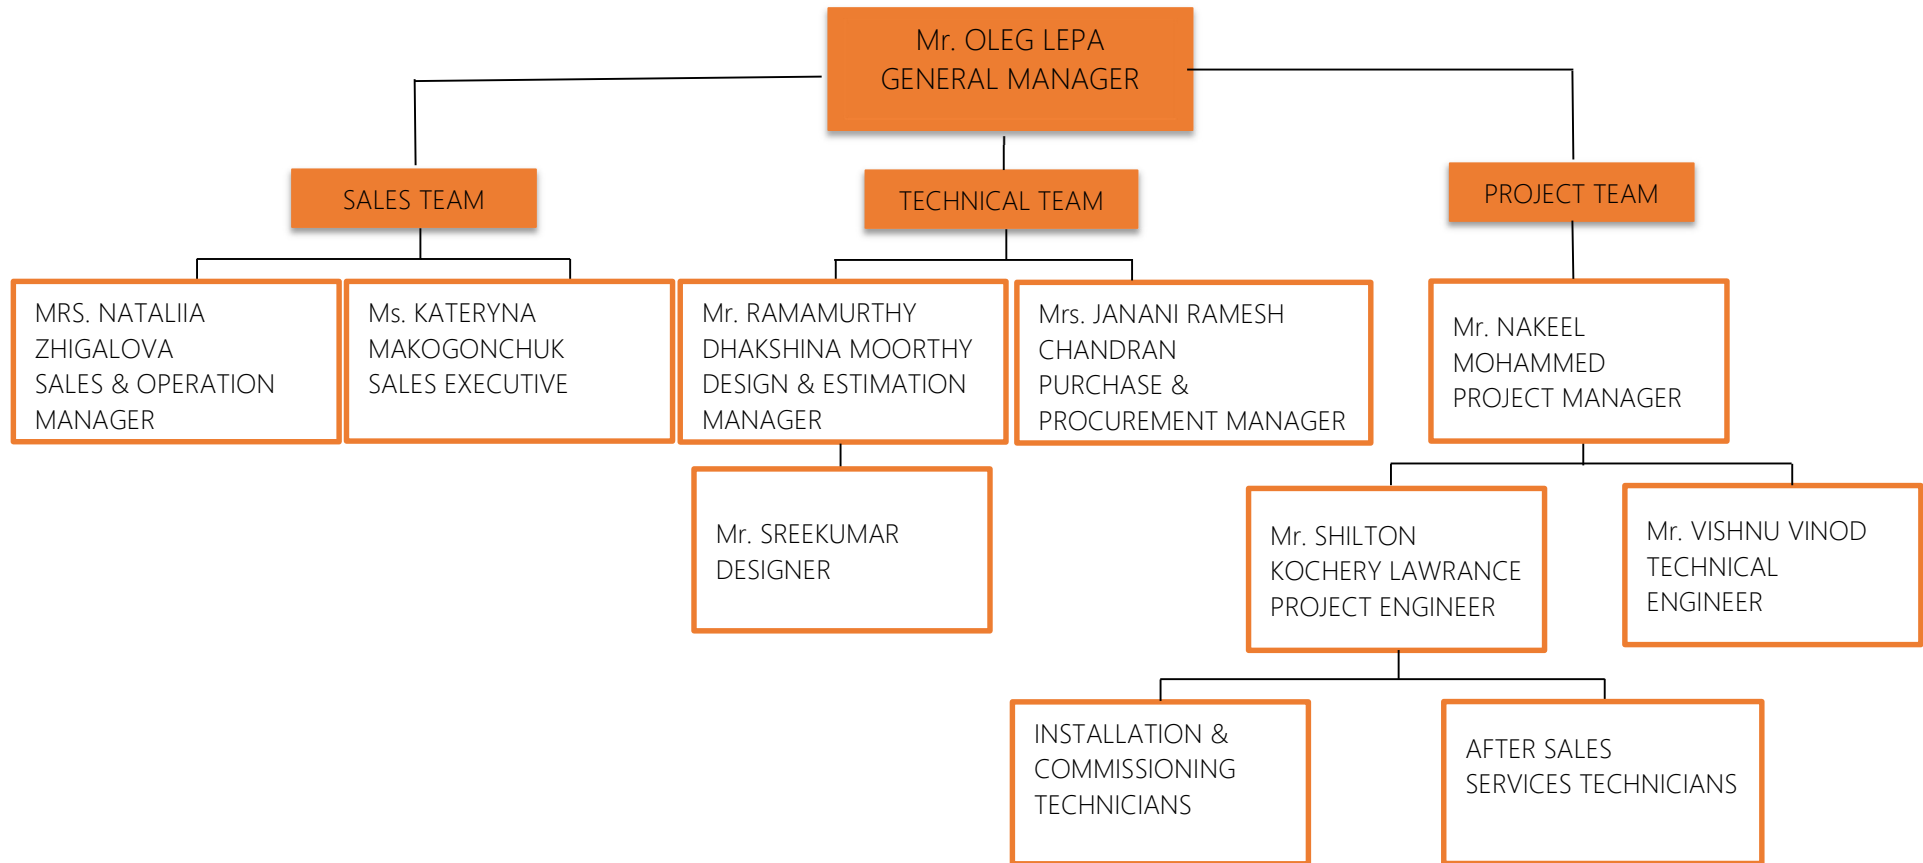

Accumulating a track record of successful completion in numerous landmark projects, our expertise has been consistently demonstrated across various sectors in Qatar.
